

We love what we do. We give 100% every day – even more than that, in a sense. We're always perfectly prepared. We're different. Faster than most. Always one turn of the screw more precise. We are, after all: Porsche. We are committed to the crest. An attitude that runs through everything we do.

We are hiring you as:

Quality Controller

Location: Porsche Centre Hanoi

Your responsibilities:

- Repair and condition quality control after repair completion, by performing visual and functional checks incl. test drives
- Ensure fast and efficient quality check process by monitoring the repair completion schedule
- Report, record and resolve repair quality and car care quality findings.
- Support Technician team with fault diagnostics

Your qualifications:

- Technical degree holder
- Extensive knowledge about vehicle systems and technologies
- Computer and Microsoft office skills
- Fluent English language skills
- Structured and well organized working style

We are offering you:

- Comprehensive training and attractive career development opportunities
- Work with a highly professional team of Porsche enthusiasts
- Working environment and processes based on highest German standards
- Attractive salary, performance based incentive schemes and extensive employee benefits

Are you ready to join our team?
